

# Academic Success Plan

Name: \_\_\_\_\_

Net ID: \_\_\_\_\_@vols.utk.edu

My Academic Success Plan will help me....

- Know and communicate my motivation to be here and learn
- Realize and build on my strengths
- Set goals for academic success during my time at UTK

## Part 1: Who Am I?

To know where you are going, and how to get there, you must first know who you are and what strengths you bring to the table. Answering these questions creates your map to success.

<b>My motivation is...</b>	<b>My greatest strengths are...</b>
<b>I will use my strengths to...</b>	<b>During my time at UTK, I hope to accomplish...</b>

## Part 2: My Success Teams

When you have had a bad day, need advice, or want to share good news, who do you turn to? These people are part of your personal success team. They support you, inspire you, and motivate you. Knowing who these people are and communicating with them regularly will help you succeed at UTK.

### Part 3: My Goals

Goal Setting: Setting goals gives you long-term vision and short-term motivation. Goals help you to organize your time and your resources so that you can make the most of your experience at UTK. By setting clearly defined goals, you can measure and take pride in your progress, ability, and achievement.
